Aphrodite Homes is very pleased to offer you this beautiful plot which is situated on the Eastern Plateau of the stunning 5 Star Aphrodite Hills Golf and Leisure Resort in Cyprus. The stunning building plot has some exceptional sea views of the spectacular ravine that flows through the middle of this award winning resort and has the added benefit of exceptional sea views. With a plot size of 1347 m², an outstanding property can be constructed on different levels so all the views can be appreciated. On the right side of the plot, nothing can be constructed and is an official green area of the resort which again adds a magnificent value to the land. The plot is offered at a very attractive price from the owner and we are also in a very good position to recommend to you some of the best architects and construction companies on the island of Cyprus to help you design and build a custom, bespoke villa of your dreams.

The potential owner also has the ability to design his or hers own villa and more importantly use their own official construction company which financially, will benefit in a huge way as the costs will be much less.

This is a very unique and rare opportunity to buy one of the very few plots available on the open market on the world-renowned Aphrodite Hills Golf and Leisure Resort in Cyprus. Viewing is highly recommended by Aphrodite Homes and strictly by appointment only.
