SOLD

This contemporary villa was designed to take in the most spectacular views that Aphrodite Hills for Sale has to offer. Sitting proudly in a plot of 1800 m² of lavish landscaped gardens, this villa offers true value for money.

As you enter the villa, you are greeted with a very spacious living room, with an open, wood burning fireplace and solid wood glass doors bringing in ample light. The other wing of the villa is where the modern kitchen is, with full granite worktops and stainless steel appliance and a very large dining area again with plenty of doors bringing in ample light. The villa has five bedrooms, and one of the most breath-taking verandas with spectacular views of the Mediterranean Sea and a covered area of approx. 280 m².

Outside, you have plenty of entertainment areas around the heated pool area and a separate Jacuzzi. Outside, also, adjacent to the kitchen is a magnificent BBQ area to entertain your guests and because the plot is on even ground, you can make use of all the lavish grounds around. This villa has recently been reduced by the owner and offers a true opportunity to own a villa on one of the most privileged addresses in Europe.
